### **DETAILED ACTION**

1. The previous rejection is withdrawn pursuant to Applicant's June 29, 2006 Amendment. Claims 4-7 remain withdrawn from consideration.

#### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1, line 3, the phrase "related to" is not clear as to what constitutes such.

Claim 1, line 5, the phrase "related to" is not clear as to what constitutes such.

Claim 1, line 7, the phrase "related to" is not clear as to what constitutes such.

#### ***Claim Rejections - 35 USC § 103***

4. Claims 1-3, as understood, are rejected under 35 U.S.C. 103(a) as being unpatentable over Delurgio, US 7,092,896.

Delurgio discloses determining market share of a product, e.g. col. 5, line 37, comprising first, second and third data, e.g. 101-103, 238, 239 linking a computer, e.g. 210, the databases and determining, e.g. 233, market performance. Delurgio does not disclose the phrase post-launch performance. Official Notice is taken that post-launch

performance of a product on a market has been common knowledge in the database marketing art. To have provided such for Delurgio would have been obvious to one of ordinary skill in the art as Delurgio's determining is a similar attribute. It is noted that the databases are related to, as understood, in broad scope and content, to at least one key success factor, unmet product needs and a propensity of a decision-maker.
